

# newsletter

Edition 9– March 2017

Welcome to the March newsletter, spring seems to be in the air!

We are looking forward to meeting most of you at our Nurses meeting this week, please let us know if you are unable to attend and would like to be sent notes from the meeting.

We had another site initiation visit in South Staffordshire and Shropshire this month, who also opened for recruitment too . Good luck to Daniel and the team with recruitment! There will be further site visits in Halton Hospital and Dorset County Hospital next month.

There are now thirty-four sites actively recruiting. Well done to Christine and the team in Kent, and also to Patricia and the team in Milton Keynes who recruited their first participants this month.

## Recruitment Update

February has been another extraordinary month, the response to the trial has been fantastic, 226 participants were recruited.

Congratulations to all of you as we have now randomised over a fifth of our recruitment target. This month, Sam and the team in iCaSH Norwich randomised our 1000th participant! We have now recruited 1115 participants in total.
